Carolyn,

Unfortunately about a year and a half ago a network encryption problem caused me to lose all my files. I stopped keeping hard copies of files several years ago because I thought electronic files were the way of the future and the company wanted us to migrate to electronic files. Actually all my files are still there on our server, they are just encrypted and cannot be unencrypted. Almost everything I have ever written or received is gone, my entire career worth of files. I searched my email archive which I was able to recover portions of and didn't see anything from that timeframe. I'll check with CRA to see if they have a copy. Do you know what the letter pertained to and if it came directly from me or was submitted on my behalf by CRA?

Hi Mike,

I have been looking for a copy of the letter that you sent me around Sept 23, 2010 in response to my letter of Aug 12, 2010. If you could send me a .pdf of that letter, I would be very appreciative. I did find your 9/13/10 email sending the spreadsheet with the MW – 25, IRM-MW -1, IRM MW-2 and IRM MW-3 data. Please let me know if you can send me a copy of the letter and any other attachments.

Many thanks.

Carolyn
